## The Executive Pack Privacy. Luxury. Performance.

**WHO IS THIS FOR?** Ideal for Penthouses, Corporate Relocations, and High-Net-Worth Rentals.

**THE CONCEPT** Executive tenants expect a hotel-standard finish. The biggest challenge in luxury city living is privacy—being overlooked by neighbours. The Executive Pack solves this with our "Dual Treatment" system: a voile layer for daytime privacy and a heavy curtain or blind for evening warmth.

### KEY FEATURES

**Day & Night Privacy:** By combining a sheer Voile Roller with a Curtain, tenants can enjoy natural light without being seen from the street.

**Boutique Hotel Finish:** Full-length Wave curtains create a sense of luxury and improve acoustic dampening in large rooms with hard floors.

**Motorisation Ready:** This pack is designed to be easily upgraded with our Li-ion rechargeable motors for remote control operation.

### TYPICAL LEAD TIME

**10 – 15 Working Days** (From survey to installation).
